Fears of a Monetary Stringency Disappearing. Railroad Bonds More Active-Other Bonds Dull.

COTTON-SPOTS AND FUTURES.

special to the Gazette. GALVESTON, TEX., March 26 .- The spot markets were stationary, closing steady and firm. Futures made quite an advance and closed steady and firm.

Liverpool futures opened firm at an advance of a point, ruled firm and closed same at 1 to 2 points higher on all months.

New York futures opened barely steady at an advance over yesterday of from 4 to 8 points, nled dull but steady at the advance and closed steady, 6 to 10 points higher than last closing. New Orleans futures opened firm at an advance of from 5 to 11 points over yesterday's close, uled steady at a further advance, and closed steady at 11 to 13 points higher all around. WOOL, COFFEE AND SUGAR.

MANCHESTER, ENG., March 26. - The Guardian in its commercial article says the market is unsatisfactory to both buyers and seilers. Small transactions are easily executed, but business of importance is impossible. The difference be-tween buyers and sellers, especially for the Indian market, does not admit of a compro-There is scanty inquiry. Requirements for that market are well supplied.

There is a moderate business for home and minor markets. In some of the cloth departments such as high reed printers' position of manufacturers is strong. Orders in hand are sufficient to enable them to unhesitatingly refuse offers at the slightest decline. On the other hand the situation in India shirtings is poor. Many manufacturers argently want fresh en-gagements. The narrowness of the margin between cotton and cloth restricts sales. Persistently sluggish prices in distributing markets in discouraging feature. Export yarns a little sought for except at prices much below regular rates. Offers for quantity at slight concessions would be accepted.

GOVERNMENTS, STOCKS AND BONDS. NEW YORK, March 26 .- The stock market showed a still smaller volume of business today, but there was on the whole a better fone to dealings than yesterday, and the result of the day's operations is to leave almost everything traded in slightly higher than last night. Fears of a monetary stringency are fast disappearing, but the bull leaders are anathetic and the bears are disposed to be over-cautious, leaving operations from day to day in the hands of professionals and room traders, who show little disposition to extend their ventures beyond the day, and fluctuations are confined within narrowest limits. The expectatation of a dividend upon Missouri Pacific made it a leader in a limited upward movement, which obtained throught the greater portion of the day. A better outlook in the West helped the Grangers, but only Rock Island showed any special strength. The market is almost all higher, but no marked advances were made. Railroad bonds were a little more active today. There were no special features to dealings and while a firm tone prevailed the movements were extremely small and few marked changes are shown to-night. Government bonds dull but steady.

THE MARLOW CASE.

The Counsel for the Defendants Secure a Post-

penement of Trial Until October-Correspondence of the Gazette.

GRAHAM, TEX., March 24 .- The Federal court continuance in the cases of Logan, Williams, Rutherford and Wilberson, indicted at the last term of the United States court at Dallas for the murder of Alf and Epp Marlow. These cases were all continued till the October term at Gra-

Counsel for the defense appealed to the United States supreme court at Washington, first, on the ground that the killing of the Marlows, who were United States prisoners in the custody of the United States marshal, was an offense against the state of Texas, and, therefore, the United States has no jurisdiction; second, on the ground that the grand jury at Dallas could legally find an indictment against any person for an offense committed in a county which was assigned to the court at Graham.

If the supreme court sustains the opinion of Judges Pardee and McCormick-viz., that the United States court has sole jurisdiction in these cases-then counsel for defendants will ask to e allowed bail for their clients. The defendants are now in jail at Dallas, except Rutherord, who was allowed bail, and gave a bond

The defense will be represented before the supreme court at Washington by ex-Attorney-General Garland, and W. L. Crawford of Dallas will represent the government.

B. Williams, one of the defendants, has already been tried and acquitted for this same offense at the last term of our state district court at Jacksboro.

The Negro Killed Some Months Since at Sherman Probably Indentified.

SHERMAN, TEX., March 26 .- About four

mouths since the dispatches from this place gave an account of the killing by Deputy Sheriffs Middletleton and Spencer of an unknown negro named Lewis. The negro had made murderous assaults on Editor Loving of the Herald and other civizens, and the officers were attempting to arrest him when they were forced to shoot him, killing him instantly. No one could identify him and his body was buried in the potter's field and the matter had almost been potter's field and the matter had almost been forgotten. This afternoon, however, a gentleman named Ryan arrived here from Missouri and began making inquiries about the negro. He stated to the city marshal that his brother, who was sheriff of Lawrence county, Mo., was killed by a negro who answers the description of the one killed. The tattooed marks on the arms and legs tally exactly, and in all respects the resemblance is perfect, and Mr. Ryan will have the body exhanced to-morrow. the body exhumed to-morrow.

TOM VARNELL'S TRIAL

Now in Frogress at Waxabachie-Likely to Consume the Entire Week-Special to the Gazette. WAXAHACHIE, TEX., March 26 .- The

famous Tom Varuell case, Varuell being charged with killing Jonas Land in Hill county in the spring of 1887, is on trial here by a change of venue from Hill county. Messrs. Pearre & Boynton of Waco, Upshaw of Hillsboro, Croft of Corsicana and T. P. Whipple of Waxahachie are defending Varuell. Messrs. M. B. Templeton, G. C. Groce and R. M. Clark of Waxahachie'are prosecuting. The case has already become known throughout the state and the additional fact that it has passed through the courts of the state and is now on the second round makes it one of peculiar interest. The aged mother of Varnell is an attendant in the case, which gives additional interest. There are quite a number of witnesses from Hill county. The case will likely consume the rest of the week and the verdict is awaited with peculiar interest.

SPECULATIVE.

A European War Scare Serious Enough to Affect Prices Exists.

A Good Illustration of the Timidity of Capital-Sterling Exchange Rates Again Advance-General Matters-

Special to the Gazette. New York, March 26 .- Continued selling of our securities by foreigners is the most remarkable feature of the financial situation at present. Cables from London or Berlin show that the condition of the money market at both of these centers is improving. In London money is at 31/4 @31/2 per cent., and the open market rate of discount for short bills is 24. This morning's cable from Berlin announced that the imperial bank's statement shows an increase in specie of nearly six million marks. Now, just why, in the face of daily reports of the character showng constant improvement in the financial situation abroad, our securities should be sold by for-eigners on the other side and here at constantly clining prices would be a conundrum. Only one reason has been put forth and it is probably the correct one, although it is difficult for us in New York to realize its force. The resignation of Bismarck seems to have dealt a blow to the sense of financial security abroad more insidious than was at first supposed. That a European war scare serious enough to really affect prices can exist under the present conditions abroad is of the best possible illustrations of the timidity of capital.

London prices for American securities were lower again this morning and foreigners continued to sell in our market. Consequently prices on our stock exchange were quite weak at the opening quite weak at the opening the market showed an upward ten-Later sugar trust certificates were parted with freely at very low figures. A PISTOL PLAY.

A Fellow Made a Bluff and Got Called-The Other Fellow Had a Gun. Special to the Gazette.

VALLEY MILLS, TEX., March 26 .- A shooting scrape occurred here last evening between J. E. Knox and George Crutchfield, in which the former was slightly wounded in the foot. It seems there has been trouble bring between them for some time, although they appeared on friendly terms, They were both drinking yesterday and passed some hard remarks, and just before dark Crutchfield was in the street when Knox stepped out and made the remark, "Get fixed, " at the same time throwing his with an increase of \$176,845, compared with Febhand behind him as though reaching for a pistol. Crutchfield immediately drew his pistol and commenced firing. He fired three times. Knox did not draw a pistol. He was searched and none was found on him. Examining trial set for to-morrow.

A Lady and Husband Badly Burned. Special to the Gazette.

BONHAM, TEX., March 26 .- News has just been received here of a serious accident that occurred near Stephenville, adjourned last Saturday. The United States | tight miles east of here, at 1 o'clock todistrict attorney, Eugene Marshal, asked for a day. The victim of the accident was a Mrs. Tucker, who was washing clothes out in the yard when her clothing caught fire. Her husband saw her and rushing to her, tore her clothes off but not until she was badly burned. The husband is badly burned on the hands and arms. The lady will recover.

Coffee Market.

Following is taken from the weekly circular of

Henry Clews & Co., New York: The temper of the speculation changed entirely on the opening of the exchange this week, and an active bull campaign came to an abrupt end. Prices on Monday were from 25 to 30 points below Saturday's closing, and were soon followed by further declines during the week. To-day there was a moderate reaction, leaving the market some 75 to 100 points lower for the week. The decline was precipitated by free European selling and fresh advices from Brazil giving an increased estimate of the growing crop, say 6,500,000 to 7,000,000 bags. Havre was the first market to feel the effect, and has de-clined from 6 to 7 francs, and Hamburg has been correspondingly weak. After such a decline we hesitate about advising short sales, except on rallies; but we cannot avoid expressing the opinion that if the crop estimate receives further confirmation, the market is a good sale now, especially on the far months. We call your attention to the fact that we advised free sales of these options when they were much higher, and those of our customers who availed of this opportunity have now the chance to take good profits. Rio has lost much of her strength in consequence of the weakness here and in Europe, and has been a liberal seller on the exchange. Receipts at Rio and Santos have been quite large, say 72,000 bags. The arrivals here nil. The jobbing trade for the moment is at a

A freight reduction of fifteen cents per bale on cotton shipped rom Moble to all New England points has gone into effect.

There are at present five cotton establishments in the state of Vermont. Three of this number run on print cloths, one on yarns and the other on satinet, warps and batting. The aggregate number of spindles is 56,643. The largest plant is that of the Burlington mills, with 24,500 spindles and 675 looms, on 60x56s. According to the published report of the

Japanese cotton spinners' association, last November there were twenty-seven cotton mills in that country, with 179,682 spindles, or 1828 more than the previous year. The number of operatives employed was 10,104 and the average number of working hours twenty-three, some of the mills running day and night.
